Model Shown: CRMR60

3) **WARNING! Tip hazard. Shelves must face forward.** With the help of an assistant, place a single overshelf in position onto the square tube. Using the 4 hex head bolts, hex nuts, and lock washers provided, secure and tighten the overshelf to the outside of the square tube. See Fig. 2. For double shelf kits, repeat step 3 to install the second overshelf.

4) Insert the square tube caps into place.

5) Tighten the hex head bolts securing the square tube to the rear panel.
